

## GUIDE TO APPLY KAV LICENSE KEY

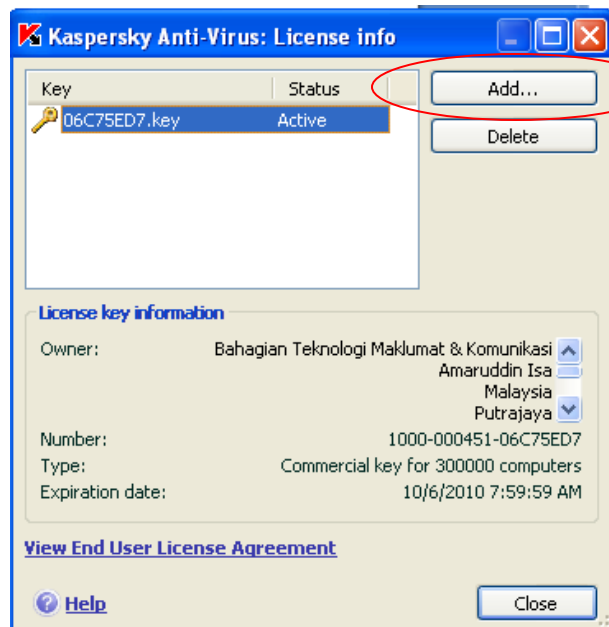

1. Obtain the license from the email and save on Desktop.
2. Double click the KAV icon below the monitor screen

3. Click **Service** on the Karspersky window. Then click on the **License Info**.

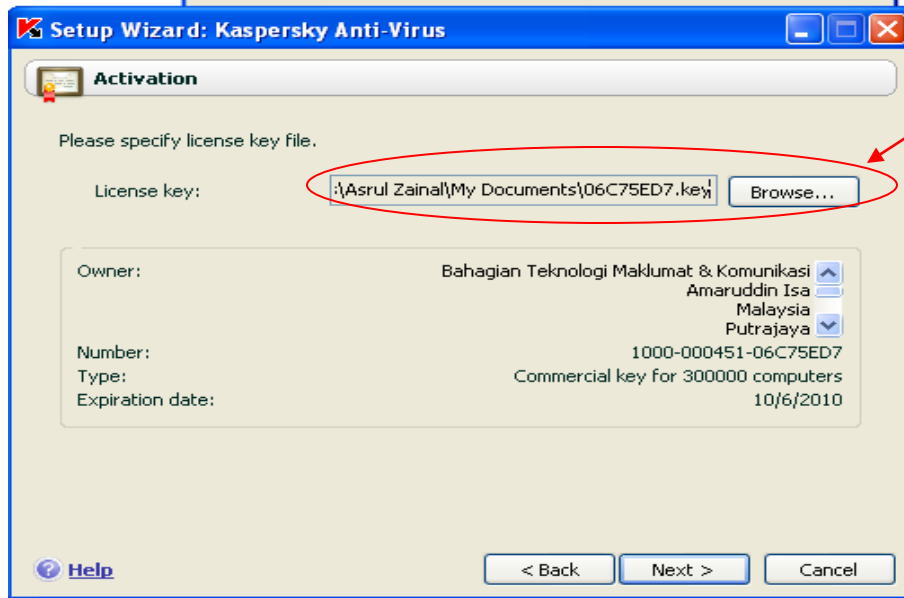

4. Delete the old license and click **Add** button.

5. Choose **Apply existing license key** and click **Next**.

6. Browse the saved license key and click **Next** until **Finished**

7. The license key should be applied by now
